

RESEARCH CODING COMMUNITY STAMP CARD

Visit Every Stand!
Collect Stamps from Each Stand to Win a Prize!

1 Research Coding Community

Hosted by: Cat Russon,
Liam Berrisford

A friendly community of researchers who code! We hold regular in-person sessions to collaborate, share ideas, solve problems and build skills together.

2 X-CITED

Hosted by: Nicola Lloyd

X-CITED is an EPSRC-funded GW4 programme that supports Research Technical Professionals through tailored training, career development opportunities, industry connections, and regional peer networks.

3 Bioinform@exe and LSI Genomics Club

Hosted by: Ruxandra Neatu,
Graham Thomas, Hugh Gifford,
Luis Bolanos Avellaneda,
Jamie Harrison

Bioinformatics community and the new LSI-based bioinformatics club.

4 Coding for Reproducible Research

Hosted by: Anne Bell,
Michael Saunby

Internal training initiative for programming and related data analytics skills.

5 VR for Research and Teaching

Hosted by: Trevor Sharp,
Jack Hyde and others

Some examples of the teaching in the Med School that uses VR, plus some home grown projects coming out of our own Immersive Team.

6 RSA Team Project Demo

Hosted by: Tom Wilson

Demonstrating the web products Local Climate Adaptation Tool (LCAT) and Tracking Research Activities Carbon Emissions (TRACE).

7 Isambard 3 – The South West's Tier-2 Supercomputer

Hosted by: Jeremy Pike,
Kolen Cheung

Isambard 3 is one of the UK's most powerful CPU-based supercomputers. Come talk to us to learn more!
